||| **Facilitator says**

"We are going to create a story, one sentence at a time. Each of us will add one sentence to the story."

3

Explain:

At the end of one person's sentence, he or she should say, "SUDDENLY..." Then the person next to them will continue with a new sentence, ending by saying "SUDDENLY..."

4

||| **Facilitator says: "Here's an example: If I say,**

"I was walking to get water when SUDDENLY....." then the person next to me finishes that sentence, for example, they might say '... A large animal jumped out of the bushes and SUDDENLY.....'

5

Facilitator gives the first sentence of the story and turns to the adolescent on his/her right for the next sentence.

6

Continue around the circle until everyone has added a sentence.

7

When you finish the first story, play again if the adolescents want to create another story.
